

Dear Customer,

The achievement of the **Medi-Rub 2000<sup>PLUS</sup>** took not only extensive years of research and development, but also great devotion and integrity from all the people involved and committed to this deserving cause. The effort and pride that went into making the **MR 2000<sup>PLUS</sup>** along with the advances in technology, challenged us to build something worthy of our potential.

What started out as a single idea born out of importance to our mutual well-being and good health, became an obsession to create the finest and most advanced massager on the market today. It offers the quality you demand and deserve and exemplifies the high standard and service United States industry can provide.

In the end, the lifeblood and the great success of our organization comes down to you, **The Customer**. For it is you who expects more and it is your invaluable patronage that nourished every step that made the **MR 2000<sup>PLUS</sup>** possible.

On behalf of everyone involved in making our vision a reality, it is my pleasure to take this opportunity to offer you our gratitude and commit our service to your good health.

Sincerely,  
  
 Yolanda Holly, President

### LIMITED LIFETIME WARRANTY

Medi-Rub Corp. dba Holly International with its principal place of business at 240 Calle Pintoresco, San Clemente, CA 92672-7504, hereby warrants to the original purchaser that it will replace the defective unit, at no charge to the customer including shipping to and from the customer's place of residence or business, for the first year of ownership when such request is made within one year of purchase. (Proof of purchase date must be sent when claiming service under this warranty.)

To have the above warranty honored, the original purchaser must package the device together with the name, address, zip code, phone number and proof of purchase and an explanation of the malfunction. Holly International will arrange for United Parcel Service to pick up the device at no cost to the customer. This service is applicable anywhere in the contiguous United States only.

After the first year it is the customer's responsibility to return the device to HOLLY INTERNATIONAL along with a detailed explanation of the malfunction. Prior to service or repair, we will notify the customer of the cost. Any and all repairs after the first year are guaranteed not to exceed a total of eighty nine dollars (\$89.00) including shipping the product back to the customer.

This warranty does not extend to any units which have been used in violation of written instructions furnished, or to units which have been altered or modified or to damage to products or parts. This warranty is void if the product has been damaged by accident, unreasonable use, misuse, neglect, improper service or repaired by unauthorized personnel or other causes not arising out of defects in materials or workmanship.

THE EXPRESS WARRANTY SET FORTH ABOVE IS THE ONLY WARRANTY APPLICABLE TO THE PRODUCT AND IS EXPRESSLY IN LIEU OF ANY OTHER WARRANTY, EXPRESSED OR IMPLIED WARRANTY OF MERCHANTABILITY OF FITNESS FOR A PARTICULAR PURPOSE. In the event Holly International does not abide by terms of this warranty, the customer may seek breach of contract remedies in the State or Federal courts of law. This warranty gives you specific legal rights and you may also have other rights, which vary from state to state.

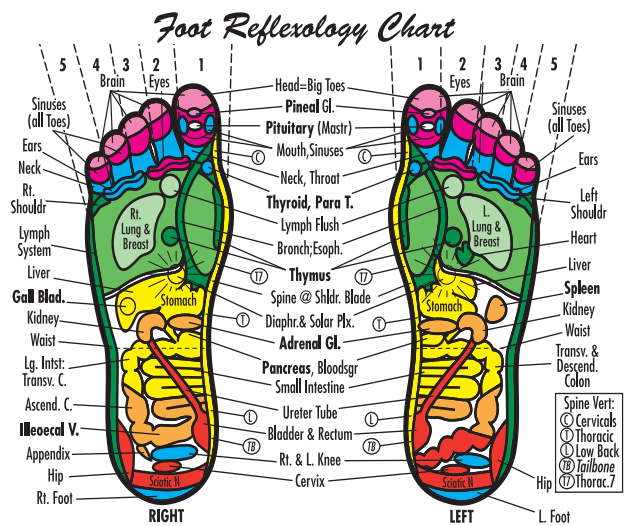

### FOOT REFLEXOLOGY

Reflexology helps to rejuvenate our mental, emotional and physical well being. Stimulating the circulatory and nervous system, aids healing, releases tension and increases stress resilience. All points in our feet

connect (via nerves, meridians) to particular organs and body areas.

Our feet, hands, face and eyes equal the end points of 10 zones per energy channels. The 7 colors equal the 7 endocrine glands plus 7 chakras tenderness equal calcium plus waste deposits in preservatives, caffeine, alcohol, cigarettes, other toxins plus muscle acid (from no exercise, tension) and or illness in each area.

### SHOULDER PAIN

Place the massager directly on the sore muscle or joint. This will increase your blood circulation to the area. 90% of patients with shoulder pain will respond to this simple treatment method.

### LEG CRAMPS & CALF PAIN

Increasing the blood flow and massaging the affected area will help release the cramp and soothe the pain.

### THIGHS AND HIPS

Increasing blood flow to thighs and hips stimulates sensory nerves and aids in the recovery process. It can help break up scar tissue and lessen swelling, pain and stiffness usually present even when the joint is not used.

### CARPAL TUNNEL AND SPORT INJURIES

Blood circulation and gentle massage relieves the pressure on the median nerve and helps to eliminate numbness and tingling in your hand and wrist. Arthritis, bursitis and tendinitis may be related to sports or work injuries. Stimulating blood supply into the sore area will help to alleviate the stiffness and pain.

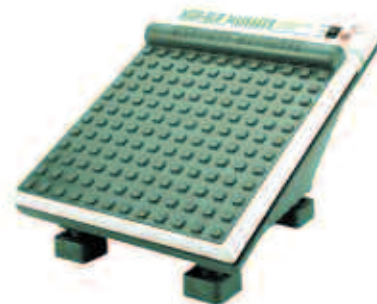

### BACK PAIN

Low back conditions are one of the most common and costly occupationally related problems people and doctors confront today. The Medi-Rub Body Massager is widely used by chiropractors, hospitals and clinics as well as by the individuals caring for their back injuries in the comfort of their home.

Leading practitioners and clinical investigators are bridging gaps in educating the individuals as to the importance of home care of back injuries, which minimize chances for disability and long treatments. Today ergonomics in the workplace is widely supported by The Department of Labor and Industries nationwide.
